Overview of New Commodities Mission

Commodities PRT Training
2006

Objectives

- Present Corps of Engineers history in emergency response missions
- Discuss ESF3 roles, responsibilities, & methods of interfacing with FEMA & Other federal agencies at staging ops area
- Describe the commodities mission and execution doctrine for FY06
- Discuss generator mission requirements at the staging area

USACE

- 16 June 1775 – Continental Congress organized an army with chief engineer & two assistants

- Col. Richard Gridley was Gen. George Washington's first chief engineer
- 1779 – Congress created a separate Corps of Engineers
- At the end of the Revolutionary War, the engineers mustered out of service
- 1802 – Corps of Engineers re-establishe

Corps' Disaster Response

1882 - Corps’ first formal disaster relief mission – Mississippi Flood

Corps' Disaster Response (cont)

1889 - Responded to the flood of Johnstown, Pennsylvania

1906 - Responded to the San Francisco earthquake

Corps' Disaster Response (cont)

- 1950 – “Federal Disaster Relief Act”:
  - Corps is lead federal agency during flood disasters
- 1955 - Public Law 84 99:
  - $15 million annually for flood fighting and repair of flood control works
- 1988 - Robert T. Stafford Disaster Relief and Emergency Assistance Act authorized FEMA to provide for all disasters, regardless of cause
- 2005 – National Response Plan

ESF#3 Public Works & Engineering

- Damage assessments
- Clearing of debris & mgmt of removal from public property
- Restoration of water supplies & wastewater treatment systems
- Demolition or stabilization of damaged structures & facilities

ESF#3 Public Works & Engineering

- Contracting to support public health & safety (provide potable water, ice, and power)
- Technical assistance (inspections of public & private structures)
- Support to other ESFs

Commodities Mission Doctrine

Contracting to support public health & safety by providing potable water, ice, and power

Staging Operations - FOSA

- Established by FEMA as part of Regional Response Coordination Center and Response Field Office operations
- Location for receipt, temporary storage,and distribution of disaster relief supplies and equipment
- Ultimate management and operation of the FOSA is the responsibility of the FEMA manager

ICE / Water Mission

Coordination Management

NRCC – ESF3 Team Leader, Alt TL, Action Officers (National)

ERT-A – ESF3 Coord. Liaison, Action Officer

RRCC / JFO – ESF3 TL, ATL, Action Officers (Regional)

- National Purchasing Team
- New England / Charleston District
  - Mission Manager
  - Mission Specialist
  - Contract Specialist

- National Ice / Water Team
- Mob Center
  - Commodities Site Manager
  - Commodities Data Specialist

National Ice / Water Team Mob Center

- FOSA
  - Commodities Mission Manager
  - Commodities Mission Specialist
  - Commodities Site Manager
  - Commodities Data Specialist
  - Commodity QA's (8-12)
- State LSA / RSA
  - Commodities Site Manager
  - Commodities Data Specialist
  - Commodity QA's (6-8)
- State PODs
  - QA Coordinator
  - POD QA

So Who Does What for Ice / Water?

- National Purchasing Team:
  - Action Officer at NRCC receives requirements from FEMA
  - Sends tasker to National Ice / Water Mission Mgr
  - National Mission Mgr – at New England or Charleston – is the “Head Coach”:
    - Coordinates acquisition (pull from Americold or purchase new), tracks taskers, load capabilities at MobCenter, etc
  - National CT Spec – monitors contract compliance,

National Purchasing Team (cont)

- National Commodities Site Mgr:
  - Is the CoE main POC at the MobCenter
  - Interfaces with FEMA MobCenter Mgr. & other federal reps
  - Directs movement of all USACE ice / water
    - Coordinates movement of non-USACE owned, but managed ice / water

National Purchasing Team (cont)

- National Commodities Data Specialist:
  - manages all data input related to ice / water & prepares reports
- National Commodity QA's:
  - Perform inventory management at MobCenter for ice / water

Commodities Team (Regional)

- Action Officer at ERT-A / JFO:
  - Sends tasker to Commodities Mission Mgr. at the FOSA
  - Receives taskers from FEMA
- Mission Mgr at FOSA:
  - Receives taskers from AO and serves as "Head Coach" for distribution execution
  - Analyzes POD burn rates and reports upward

Commodities Team (Regional)

- Commodities Site Mgr:
  - Is the CoE main rep. at the FOSA
  - Interfaces with FEMA FOSA Mgr & all other fed reps
  - Directs movement of all USACE ice / water
  - Coordinates movement of non-USACE owned, but managed ice / water

Commodities Team (Regional) (cont)

- Commodities CT Spec:
  - Monitors contract compliance
- Commodities Data Specialist:
  - Manages all data input related to ice / water & prepares upward reports

Commodities Team (Regional) (cont)

- Commodity QA's:
  - Perform inventory management at FOSA for ice / water
- POD QA Coordinator:
  - Monitors all PODs, assists POD QA's
  - Feeds burn rates back to Mission Mgrs at LSA's & FOSA
- POD QA:
  - Assists state POD operators
